OBJECTIVE

To begin my career in a challenging and growth-oriented environment within the IT industry, where I can contribute to the team's success while continuously enhancing my skills. I am passionate about learning, proactive in creating opportunities, and committed to achieving excellence in everything I pursue

PROFESSIONAL SUMMARY

- Strong foundational knowledge in user interface and web application development using HTML5, CSS3, JavaScript (ES6), Angular, Bootstrap, and Angular Material.
- Familiar with AJAX and JSON for dynamic data exchange.
- Proficient in version control using Git and GitHub.
- Understanding of cross-browser compatibility and responsive design principles.
- Basic knowledge of Agile methodology.
- Experienced in using browser developer tools for debugging.

PROJECTS

Personal Portfolio

Technologies used : HTML5, CSS3, Angular, Bootstrap, TypeScript, JavaScript

- Designed and developed a fully responsive personal portfolio website using Angular. The site features clean navigation with Angular routing.
- Modern UI/UX, and dedicated sections for showcasing projects, skills, and certifications. Built to highlight my capabilities as a front-end developer and provide a professional online presence.

Weather Info

Technologies used : HTML, CSS, JavaScript, Angular, REST API's

- Built a responsive weather information web app using HTML, CSS, JavaScript, Bootstrap and Angular.
- Integrated real-time weather data through a public API to display current temperature, humidity, wind speed, and weather conditions by city.
- Focused on intuitive UI/UX and seamless user interaction. Deployed the project using Netlify for fast, reliable hosting.

Movies Search

Technologies used : HTML, CSS, JavaScript, Angular, TMDb API's

- Developed a movie browsing web application using HTML, CSS, and JavaScript.
- Integrated with the TMDb API to fetch and display real-time movie data, including posters, ratings, release dates, and descriptions. Implemented search functionality and a clean, responsive UI for an engaging user experience.
- Deployed using Netlify for smooth and fast access across devices.

TECHNICAL SKILLS

Programming Languages	: JavaScript, TypeScript
Web Frameworks / Libraries	: Angular, Bootstrap, Angular Material
Web Technologies	: HTML5, CSS3, XML
Tools & Editors	: Visual Studio Code, Git, GitHub
Operating Systems	: Windows
Other Tools	: Chrome DevTools, Postman

CERTIFICATIONS

- Front End Development Technologies Certification – Simplilearn
HTML5, CSS3, Bootstrap, JavaScript, Angular, Git & GitHub.
- JavaScript Data Structures & Algorithms – Infosys Springboard
JavaScript Stack, Queues, Linked lists, Trees, Graphs, Sets, and Maps.
- JavaScript Specialist Certification – Simplilearn

EDUCATION

B.Tech - Agricultural Engineering
Vikas College of Engineering And Technology , Vijayawada

2017 – 2022

Intermediate
Scholar Junior College, Piduguralla

2015 – 2017
